MEMORANDUM FOR: Special Assistant to the Director  
for Planning and Development

SUBJECT : S-Band Pre-Amplifiers

1. I recently discussed with you as to what our position should be regarding the recommendation by [REDACTED] ESC and Communications that the Project purchase some five S-Band pre-amplifiers from Ramo-Wooldridge (Ramo design) for our System VI at an estimated cost of some [REDACTED]

2. As we agreed, I have asked [REDACTED] to consult with ESC personnel and suggest to them that they consider funding subject items from the OSI budget in the event they evaluate the need for same to be worth expenditure of some [REDACTED]. No formal communication has been sent to OSI but I offered to explain our position to OSI in the event they desired a formal transfer of responsibility for subject items from DFE staff to OSI.

3. I offered to contract the items for OSI in the event they conclude they desire to fund for and purchase the pre-amplifiers.
